ELIGIBILITY AND
STANDARDS

All shows are open to applicants in all art and crafts media. Work must be original in both design and execution. The following categories are not acceptable and applications in these areas will not be considered: objects made from commercially sold kits or plants, dried or plastic flower arrangements, imports of any kind, objects produced from commercially manufactured molds and embellished objects.

All work displayed must be for sale with the artist or craftsperson in attendance. The fairs are designed for exhibitors selling their own work and the presence of agents or vendors in lieu of the artist is not acceptable.

SPACES AND DISPLAYS

All spaces are arranged to give exhibitors equal access to the visiting public. Applicants may request a maximum of two spaces, and a space-and-a-half is also an option, availability dependent on layout. If

accepted, each exhibitor must have his or her own full-size booth and there will be no sharing of spaces (unless specific arrangements have been made).

All display materials must be provided by exhibitors. Exhibitors should create a stand-alone store experience for visitors, and booths should be separated via tent walls, pipe/drape, wall panels, etc. Tables should be covered on all sides, and storage boxes must be out of sight. A full backdrop is recommended. Pipe and drape rentals are available (limited quantities). Outdoor exhibitors must have stakes for their tents; winds can be strong and unpredictable.

APPLY ONLINE

Go to www.quailhollow.com to fill out the application form and upload images. *If applying online is an issue, please contact Ola (ola@quailhollow.com).*

A \$30 APPLICATION FEE IS REQUIRED WITH EACH APPLICATION
The \$30 fee can be paid online via paypal (link available on application form) or a check can be sent to Quail Hollow Events, PO Box 825, Woodstock, NY 12498. There is one application fee for the first three shows (no need to pay the fee multiple times if applying to either or both of the Woodstock-New Paltz Art & Crafts Fairs and Handcrafted Octoberfest). Late applications (received after 2/1/26) may be permitted in certain media categories, with an increased application fee.

Please note that applications to the DCCF Holiday Craft Fair are due on 6/1/26, and require a separate application fee..

Applicants, please submit four current color images of your work and one color image of your booth or display. The booth image should be a full frame, head-on shot without anyone present in the booth. If a booth shot is not available, **please include a detailed description of your display.** If applying in multiple media categories, please submit a separate set of five images for each category; only work in the accepted medium may be eligible for display. In certain cases, mixed media artists may sell and exhibit work in multiple categories, but representations of all

work to be sold ***must*** be included in original application images. **If you intend to exhibit jewelry in your display, you **must** submit images of this work.*

EXHIBITOR IMAGES

If accepted, Quail Hollow Events may use your imagery on our website, social media, and online or print advertising. Please [contact us](#) if this is an issue.

ELECTRICITY

Electricity is available in the tents and buildings at all our shows (it is not available for outside booths except in limited spaces at the Rhinebeck show and along the Libertyville Road fence at the New Paltz shows). Electricity is limited to 300 watts per booth space. If you need electricity for your booth, make sure to request it on your application form. There may be a \$25.00 service charge in addition to the regular charge to get an electric hookup during set-up or fair hours.

ADVERTISING

Publicity for each of our shows will include digital marketing, social media marketing, radio, high-traffic billboards and print media — all advertising is primarily concentrated within four weeks of the events. **It is essential that your website and email address be included on your application. We now have many links with tourism and exhibitor sites and hope to include you as part of our online campaign.*

FURNITURE & ARCHITECTURAL CRAFTS

The Furniture and Architectural Crafts feature will be continued in 2026 for all shows. Exhibitors accepted in this category will be given oversized booth spaces at the New Paltz shows, and when available at the Rhinebeck show, to “spread out” and display larger pieces with wider aisles.

Furniture artists will include all categories of furniture making [not limited to wood]. Architectural crafts may include custom door makers, window and stained-glass artists, lamp-makers, creators of custom kitchens and “built-ins,” custom masonry workers, makers of hand-crafted fixtures for the home [tiles, ceramic sinks, etc.] and all other aspects of both residential and commercial architectural crafts. General contractors, specializing in *custom* design and construction are also invited to apply.

Applicants must meet the same eligibility standards as other juried exhibitors and should check the appropriate box on the application form.

LANDSCAPE ARTS

A separate area of the Fairgrounds will be dedicated to craftspeople in LANDSCAPE ARTS. Media may include outdoor sculptures, garden furniture, large-scale mobiles, trellises, custom masonry builders, landscape architects, bent-wood vine constructions and other work related to handcrafted landscape arts. Exhibitors interested in this feature may submit photos and other promotional materials. Select LANDSCAPE ARTS on application form. *Note: The Landscape Arts Area is featured in the WSNP shows only.*

DEMONSTRATIONS

Quail Hollow Events will provide a separate area and, in most cases, an oversized space for demonstrating exhibitors. Artists wishing to demonstrate should indicate their interest on their application. If you require special arrangements for your demonstration, please contact us. Demonstration spaces are oversized to accommodate both your display and demonstration. If you are granted an oversized demonstration space, please be prepared to demonstrate throughout the event, when time allows, in between customers.

SECURITY

Security will be on site for all hours between set-up and breakdown. Exhibitors may remain set up at night, though the organizers assume no responsibility for theft, damage or loss of an exhibitor’s wares or display materials during show hours, setup, breakdown, or overnight.

BOOTH SITTER PROGRAM

In 2026, we will continue a flexible booth sitter program. Exhibitors can pre-arrange scheduled booth sitters (for a daily lunch break, for example) or call for immediate booth sitting via cell phone. A booth sitter phone number will be provided at registration.

DEADLINES AND NOTIFICATIONS

The application deadline for all shows except the DCCF Holiday Craft Fair is **February 1, 2026**. Notifications for all show except the DCCF Holiday Craft Fair will be **emailed** around March 1st, 2026. Applications for the DCCF Holiday Craft Fair are due on 6/1/26.

Dry camping in campers is available at the Rhinebeck show (no utilities or facilities are available at the Rhinebeck fairgrounds, though several RV and camping retreats are nearby).
